

Frequently Asked Questions On MTech/PG Diploma Projects

Dr. Nirav Bhatt

Related to MTech Thesis

- MTech Thesis is a single project divided into three phases
- The MTech topic will be defined for all the three phases
- We cannot provide you previous project proposals due to confidentiality
- Your organization should be OK any project outside the organization and letter of support should mention it.
- Company data can be normalized/scaled and presented for the viva purposes only.
- Note that thesis will not be published anywhere. All the IP for the project done within an organization will remain with the organization.
- Thesis with just tool developments or running state-of-the art models without any analysis and deep understanding will not be suitable for MTech thesis

Related to MTech Thesis Mentor

- Mentor CV should be provided to get approval from the MTech coordinators
- Mentor should have 4-5 years of experience.
- Mentor from the same organization with AI is fine
- Mentor from other organization has to provide the consent from both companies in writing
- You can have two mentors including your immediate manager and AI experts or even two AI mentors
- **IIT Madras will not assign any mentor to any PG Diploma/Web-enabled students**
 - **Project with IITM faculty requires a written consultancy contract between Industry and the IITM faculty and the contract has to be submitted to the MTech coordinators**
- Other corner cases can work with **IIX faculty** members as per the CODE rules and any other mentor will not be allowed.
- Change of the company has to be notified to IIT Madras (CODE and program Coordinators).

MTech Thesis Viva

- The Mentor is advised to attend the viva but not compulsory
- MTech thesis viva will be online
- MTech thesis viva will be minimum 3 times
- Each stage the viva and grades (U, I..., S) will be provided with some feedback.
- Students should note down the feedback during the viva

PG Diploma

- No mentor is required for PG Diploma. You will have a course instructor
- MTech students can always downgrade to PG Diploma
- PG Diploma students can upgrade subject to the MTech as per the CODE rules
 - Less than 2 year experience, complete PG diploma (including capstone project) with CGPA: 8/8.5 (To be checked with CODE)
 - More than 2 years experience can contact CODE for the process to upgrade

MTech Thesis and A Break

- As per the CODE guidelines, you can keep registration alive and start the project later
- The path for MTech project will remain the same irrespective of the term
